A wornout p cture of m ddle school graduat on
Th s is the only p ece that has memor es
of h m. He was not even a close fr end

He and I
We were bas cally
strangers to each other

Cheol Yeong Jang ? (Drector Jang he's)
Is that you ?
Who ?
It s me Suk Hun Yu We used to go to the same m ddle school
I remember h m
Suk Hun Yo s fam ly was poor
!
Remember me now ?
Suk Hun Yu ?
Don't you remember me ? You let me use your neckt e
BABY 165

His family was extremely poor and he didn't have good social skills
So he was always a loner And that did not change even when we were taking our graduation picture
I knew who it was instantly
There was only one person who couldn't afford the cheap 1 000 won necktie
Suk Hun Yu again ?
Damn it You are the only one without it
This is why I hate poor people
Hey you! Where is your necktie
I didn't really mean to do it for him

What about you?
I just
t s not l ke you can't graduate without the neckt e
D sl ked those who were laugh ng at h m
Take the p ctire already Everyone s waiting
And I became the only one n the schol who took the p cture without a neckt e
However, I ve never regretted my act on

But having to submit my university applications according to my parents demands
Bad memories
My action at that time was so much bitter to me
Long time no see What are you up to ?
Do you have spare time ?
Yeah but why ?
Be my best man
I was just taking a walk How in the world did I end up in this situation ?
And she's not even an Asian
It hasn't been long since I graduated He's the same age of me He's marrying at age of 18 ? What the hell has he done ?

Do you know what you are doing ?
Marriage at your age? What about university? Do you have means to fund a family ? What do you think you are doing
I quit school
I wasn't getting along Besides I must make money for the baby coming next year
Besides I am busy with spending time with her during my spare time I've got no time for school
Besides school doesn't mean everything
You will regret this
I've chosen this path because I like it

He really d dn't regret h s cho ce
Not even n the end

H s act on nspred me And I chose a profess on I really wanted wh ch resulted my father not to treat me as h s son anymore

And th s s what I ve become now

Thank you

Here

When I saw h m for the last time he was l v ng there Know ng h m he won't be there But ne ghbors w ll surely st ll remember h m
When you f nd that dork g ve h m few good p nches on his face
I w ll

But it may not work
He has changed at all
I don't care
I am doing this because I want to. If I fail I will simply repeat
Bye bye and thanks
